##### Questions/Reflections

1. Jesus presented himself as a man with a dual mission; can you articulate this two-fold mission and how it impacts Catholic healthcare today?
2. “Don’t confuse the miracle with the healing” – what does this mean for us today as caregivers? What actions of Jesus can we imitate to bring about healing?
3. In the story of the healed leper, Jesus gives us the example of how to restore the marginalized into community. What are some examples of how we do this today?
4. When people become whole, it changes a community. Can you give any current examples of how you have witnessed this?
5. In serving as the hands, feet and heart of Christ to our community – what lessons have you learned from the sick, the suffering and the dying?
